

Mapleton Crescent

Wandsworth

We have received planning permission for Mapleton Crescent in Wandsworth Town Centre for affordable housing developer Pocket Living.

Metropolitan Workshop's detailed design is for a 24-storey tower including 63 one-bed, one-person affordable homes and 23 larger for sale apartments on a triangular constrained site next to the River Wandle.

The facades feature three different kinds of green pleated ceramic panel. High-quality shared amenity spaces, rooftop gardens, shared balconies and a riverside terrace will help build a community and encourage social interaction in the scheme.

Client: Pocket Living
M&E: Mendick Waring
Structures: Clancy
Highways: TPP
Planning: Rolfe Judd
