Metropolitan Workshop is looking for competent and capable BIM Coordinator with an excellent knowledge of Revit to join our friendly, award winning, Dublin studio.

A typical working week will involve the following responsibilities:

- Work closely with the internal BIM team to support the design work of the studio across London and Dublin.
- Foster the development of BIM knowledge and good BIM practices across the practice.
- Develop, manage and monitor Building Information Models (BIM), primarily using BIM softwares.
- Collaborate with internal design teams and external consultants to produce detailed 3D models, drawings, and technical documentation at all RIBA and RIAI stages.
- Undertake a 'Project BIM Lead' role within an internal design team to ensure that any BIM information aligns with practice standards and procedures.
- Work with the BIM Manager to provide technical support, ongoing training and create educational content for other members of the studio.
- Contribute and assist the BIM team with the development of BIM library and templates.
- Opportunity for career development into a BIM Coordinator Role.

The successful candidate will demonstrate:

- Relevant qualification in Architectural Technology, or a related field.
- Minimum of 2-3 years' experience working as a BIM Technologist or similar role.
- Proficiency in Revit and AutoCAD is essential.
- Experience with Navisworks, Dynamo, BIM 360, and other BIM-related software is advantageous (not mandatory).
- Excellent communication and collaboration skills.
- Ability to support, monitor and manage multiple BIM projects to meet project deadlines.
- Excellent attention to detail and problem-solving abilities.
